

PROFESSIONAL ITINERARY*

IN CAREER PREPARATION, JUST LIKE IN OTHER ASPECTS OF LIFE, TIMING CAN BE EVERYTHING.

FINDING THE TIME

A student's life is full of conflicting demands. Finding the time outside the classroom to study and to have a life can be a challenge. The Passport through Lamar program helps you to fit in thinking about your future, while still allowing you flexibility with optional events/activities.

TAKE THE TIME

Stopping to think about where you're headed can help you to make better informed choices. As you approach each activity of the Passport through Lamar program, remember that it's here for you - to help you define your own path. Use it to its fullest potential.

AT THE RIGHT TIME

Our events help to address individual interests of students as well as point them in the right direction with our Career Development Checklist. Take advantage of one-on-one meetings with our Career Advisors to ensure you're making the most of your time at Lamar University.

JUST IN TIME

In order to have a job at or around graduation requires advance preparation on your part. If you are proactive in taking advantage of the Passport through Lamar program and of all career preparation opportunities offered by the Lamar and University Career and Testing Center, you'll feel ready to make career decisions and secure your first position after graduation.

HERE'S YOUR PASSPORT THROUGH LAMAR. IT'S TIME FOR YOU TO BEGIN YOUR PATH TO LIFELONG CAREER SUCCESS.
